Assignment Instructions

- Watch a video recording on the **Project Scope Statement (https://share.percipio.com/cd/NplAeLcnog)** (4m 56s) video and answer the assignment questions.
- The assignment has two multiple choice questions. **Each question might have multiple answers**.
- The assignment can be taken twice.
- The assignment has a value of 20 points toward your final grade. Each question is worth 10 points and it will be auto-graded.
- It is recommended to watch the video a couple of times before starting the assignment.

This week's topic is on the project scope. Creating and managing the project scope is one of the critical responsibilities of the project manager. The project scope defines the boundaries of the project, the estimated time, the budget, the project requirements, and the acceptance criteria. A well-constructed project scope prevents misunderstanding and misinterpretations of what the project will produce and
when it will be produced.
