

Mobile Device (COMP 150N)

By: Your Name

What are the most used features in your mobile device?

- My mobile device is an iPhone 13 Pro Max! my most used features include the following:
 - Yahoo mail
 - Message
 - Photos

What is your
favorite
app and
why?

Have you used Airdrop, Google Drive, Dropbox, or other cloud-based file systems? How do you use them?

What is your experience with virtual assistants such as Google, Siri, or even Alexa?

What is the best way to secure your mobile device?

- Facial recognition
- 7-digit password
- According to Stella 2023, the iPhone is more secure than an Android. And that is based on the article that was assigned to us to read.
- Technology in healthcare:
 - “Technology drives healthcare more than any other force, and in the future it will continue to develop in dramatic ways. While we can glimpse and debate the details of future trends in healthcare, we need to be clear about the drivers so we can align with them and actively work to ensure the best outcomes for society as a whole”. (Thimbleby, 2013).
