 - **Topic 6 Commentary Rough Draft Assignment Box:** This is for your instructor to review and grade your draft.

2. Review a Peer's Draft

- **Identify the Draft to Review:**
 - Review the draft of the person who posted directly above yours in the Peer Review forum.
 - If your draft is the last posted, review the first draft posted.
- **Complete the Peer Review Commentary Worksheet:**
 - Download the worksheet from the attachment in the Assignment dropbox.
 - Fill out the worksheet with your feedback on your peer's draft.

3. Submit Your Completed Peer Review Worksheet

- **Where to Submit:**
 - **Topic 6 Commentary Peer Review Forum:** Post your completed worksheet as a "reply" to the initial post of your peer's first draft. This allows your peer to view your feedback.
 - **Topic 6 Commentary Peer Review Assignment Box:** Submit the worksheet here for your instructor to grade your peer review work.

4. Important Notes:

- **Timeliness:** Ensure all submissions are made by the specified deadlines to receive full credit.
- **Correct Peer Review:** Make sure you review the correct person's draft (the one directly above yours, or the first draft if you are the last to post). Reviewing the wrong person may result in not receiving full credit.
