

## **ENGL 117 Week 8 Discussion: Practicing Research and Avoiding Plagiarism**

- What process did you use to decide on a topic and to research, narrow your search, and locate this source? (1 paragraph minimum)
- Why did you ultimately choose this specific source? (1 paragraph minimum)
- Practice writing your own sentence with a quotation from that source. Use a signal phrase, integrate the quotation, use quotation marks, and cite it fully directly after in an in-text parenthetical citation in correct APA. Follow this with a brief discussion of why you find the source and concept interesting, and end with a correct end reference for the source in APA style.
