

## Question 1

20 / 20 pts

Match the following Fallacies to their examples

### Overstatement

All doctors have bad handwriting.

### Ad Populum

Only true family-focused American citizens will vote for this tax incentive.

### False Dilemma

Do you want pizza or spaghetti for dinner tonight?

### Bandwagon

Nine out of 10 dentists recommend this toothpaste, so you should try it too.

### Slippery Slope

If we legalize marijuana, next thing you know we're legalizing crack and cocaine.

### Red Herring

Eat your veggies; children in third world countries are starving.

### False Analogy

If we can put a man on the moon, why can't we find a cure for the common cold?

### Begging the question

Plagiarism is dishonest because it is deceitful.

## Ad Hominem

I wouldn't trust the senator's stance on distracted driving; her husband has 2 DUIs.

## Straw Man

The pro-vaccine side basically said they do not care about autistic children. That's why vaccines should be considered dangerous.
