

### Question 1

2 / 2 pts

I have carefully reviewed the instructions, templates, and rubrics for each of the four parts of the Direct Care Project.

**True**

False

### Question 2

2 / 2 pts

For the Direct Care Project, identify a target population of RNs in a clinical setting that is unaware of the benefits of certification on patient outcomes and leadership skills. Describe your general target population below including setting. Population needs to be two or more RNs. *\*Names are not needed.\**

Your Answer:

**The target population is emergency room registered nurses. I have identified two registered nurses who work in an emergency room after realizing that they were unaware of the benefits of CEN certification on patient outcomes.**

### Question 3

2 / 2 pts

For the Direct Care Project, identify an appropriate clinical certification for your selected target population. Describe the clinical certification below.

Your Answer:

**Certification: CEN (Certified Emergency Nurse)**

**The certification is accorded to nurses who demonstrate their knowledge and expertise working in an emergency room. Such nurses must demonstrate skills required to handle critical patients, perform triage and evaluate emergency situations appropriately.**
