

Question 1

2.5 / 2.5 pts

Have you identified at least two RNs from your target population that you are going to present to? If you have not identified anyone, type "No" below. Your Answer:

Yes. I have identified two Registered Nurses from my target population to be my audience during the presentation. The target population is mainly patients in the Med Surg unit. These nurses are able show experience in these settings. The identification process was based on the idea that professional nurses must attain a license in medical surgical nursing

Question 2
