

Week 7 Discussion: CDC Wonder

The Centers for Disease Control and Prevention, Division of Informatics and Surveillance website contains a number of resources nurses could innovatively incorporate in care delivery. The CDC Wonder site could be utilized by nurses in a number of ways. <https://wonder.cdc.gov/> (Links to an external site.)

For this discussion you will:

- Identify one of the resources at the CDC Wonder site above and describe how a nurse might use this information in practice.
- How might nurses utilizing telehealth benefit from these resources?
- Address what you find innovative about the link.
- Feel free to share some of your nursing innovation ideas!
