

NR 505 Week 2 Discussion: Collaboration Cafe

The focus for Week 2 is the development of a PICOT question.

Using the area of interest identified in the Week 1 discussion, address the following:

Draft a PICOT question using the standard quantitative PICOT format.

Identify your practice question, being sure to include the following:

- Population
- Intervention
- Comparison
- Outcome
- Time

In (Population) what is the effect of (Intervention) in comparison to
(Comparison) on

..... (Outcome) to be completed over (Time).

Review the PICOT questions of two of your peers. Provide substantive feedback and suggestions for improvement.
