

Week 6: HealthIT Hot Topic of the Week and Impact on Practice

- What was the HealthIT Hot Topic you selected related to your specialty?
- Why did you select it?
- How will this impact your practice?

Answer:

FierceHealthcare publishes articles related to the latest trends in multiple topics such as information technology, healthcare and the payer. For this assignment, we were to choose an information technology topic relative to our practice and discuss the pros and cons. My area of specialty is the Emergency Department. I chose to discuss the opioid crisis and how information technology could help combat this.
