

## **NR 548 Week 5 Discussion**

*Summarize the competencies associated with the selected standard.*

- I. Standard 5A: Coordination of Care*
- II. Standard 5B: Health Teaching and Health Promotion*

*Address The Questions Below Specific to Each of the Standards You Selected.*

- I. What is the scope of practice implications for PMHNPs providing physical and mental healthcare, including prescribing considerations?*
- II. As a practicing PMHNP, how will you respond to clients who request medications or treatments based on information they researched on the internet?*

*Provide an example of applying each of the selected standards in your future practice.*
