

Week 3 Discussion: EHRs Benefits and Drawbacks

- As discussed in the lesson and assigned reading for this week, EHRs provide both benefits and drawbacks. Create a “Pros” versus “Cons” table and include at least 3 items for each list. Next to each item, provide a brief rationale as to why you selected to include it on the respective list.
- Refer to the Stage 3 objectives for Meaningful Use located in this week’s lesson under the heading Meaningful Use and the HITECH Act. Select two objectives to research further. In your own words, provide a brief discussion as to how the objective may impact your role as an APN in clinical practice.
