You can access and answer guide and quickly see case details by following these steps.

1. Log into i-Human and click on the Cases tab in your main navigation bar.

2. You should see a list of your cases. Click on the case name (not the play button!) that you would like to review. For this example, we use the Marvin F. Webster case, which is a practice case that all faculty have access to.

3. After the page details load, click on "Launch Authoring Tool for Marvin F. Webster (read-only)" towards the bottom.
