

Academic engagement through active participation in instructional activities related to the course objectives is paramount to your success in this course and future courses. Through interaction with your instructor and classmates, you will explore the course material and be provided with the best opportunity for objective and competency mastery. To begin this class, review the course objectives for each Topic, and then answer the following questions as this will help guide your instructor for course instruction.

1. Which weekly objectives do you have prior knowledge of and to what extent?
2. Which weekly objectives do you have no prior knowledge of?
3. What course-related topics would you like to discuss with your instructor and classmates? What questions or concerns do you have about this course?

Summary of Current Course Content Knowledge

1. Which weekly objectives do you have prior knowledge of and to what extent?
The weekly objectives I feel comfortable with and have prior knowledge of would be Topic 7 “Evidence-Based practice initiatives”. From this brief title I feel all of my nursing care, research, and teaching is all evidence-based. I try to stay current on guidelines and the ever changing practices of nursing for better patient outcomes, safety, and lower mortality rates.
