

Nur 590- Week 1

Summary of Current Course Content Knowledge

May 23-23, 2024

Academic engagement through active participation in instructional activities related to the course objectives is paramount to your success in this course and future courses. Through interaction with your instructor and classmates, you will explore the course material and be provided with the best opportunity for objective and competency mastery. To begin this class, review the course objectives for each Topic, and then answer the following questions as this will help guide your instructor for course instruction.

1. Which weekly objectives do you have prior knowledge of and to what extent?

I have some basic knowledge of all the topics. I have just enough understanding of what they refer to.

2. Which weekly objectives do you have no prior knowledge of?

“Evaluate health policy and advocacy issues for the purpose of improving health care outcomes” is one of the topics that I am not necessarily familiar with or have comfort in.

3. What course-related topics would you like to discuss with your instructor and classmates? What questions or concerns do you have about this course?

I currently do not have any questions or concerns about this course. I think becoming more comfortable with these topics will better help me to understand and implement these items during my practice.
